Definition :

A portmanteau British Fizz to give English & Welsh Sparkling Wine a 'roll off the tongue' identity.... Join us for a glass of Britz! Follow below for a guide on flavour and different styles so you can find the right UK wine to sort your needs.

-

Prosecco Style, Easy Charm

These wines use the same 'Charmat' or 'Tank' method that is used in Italy to make prosecco where the second fermentation happens in a pressurised tank rather than the bottle. This process keeps the wine fresh, fruity & lower cost.

-

The UK Way

Made using the classic 'Traditional method' of champagne but using a blend of classic varietals and our unique varietals that thrive in the UK. Delivers bright acidity, stone minerality, creamy lees characteristics. The true UK taste.
